Voice Of Indian Muslim

We request you to feel the responsibilities of education in our area, today thousands of our children are not getting education, today our children are deprived of education due to poverty , due to government policies rules or any other problem, today, if our children get a secular education along with religious education the result will be that they will also become religious and at the same time they become the best modern capable. The best potential is needed to move forward we have a lot of beliefs, a lot of difficulties, an educated man is so content with his heart that he will be honored even if he goes on a fast, therefore, education is not only necessary for bread or sustenance, but also for enlightenment of mind and enlightenment of the heart. May our daughters and sons all be educated if this happens inshaallah then our future is bright, inshaallah we can remove centuries of disability in a few years, if you help us definitely, We will get success
